Acts 15:22-26

September 30, 2018

Thesis: The Pioneer Spirit is alive in bold steps of _____.

1) The first Christians were _____ when they discovered what God was really doing. We will be, too, when we look around with eyes of faith.

2) God does not ask us who should be _____ or what traditions should be preserved. Instead, God demands we look, listen, and join in the Holy Spirit’s work in the world.

3) We have the opportunity to do _____ things that bring people to Jesus Christ so that they will live better by faith. It’s what the first Christians learned to do.

4) Is it too ridiculous to dream of strong _____ ministries for all ages growing up in the next five years? Or is there an even bolder dream for Cornerstone?
